Ms. Eichler’s 2nd Grade

In our classroom we are currently working on the following skills...

**ELA** - In English Language Arts, we are starting to work on inflectional endings, like -ed and -ing. We are reviewing the magic e syllable type, as well as closed syllables. Some skills and strategies we are working on are visualizing, identifying key details, and asking questions as we read.
**Math** - In Math, we have been working on number concepts and place value. Our next Math test is tentatively scheduled for 10/16/18.

**Science** - In Science, we have just finished learning about plants and plant adaptation. We will now be moving on to animal adaptation. We will learn even more about animals on our trip to the Tenafly Nature Center on 10/12/18.

**Social Studies** - We will be having our first S.S. test on 10/10/18. This first unit covered family ties. We will be moving on to the Earth and our country in the next unit.

**Religion** - In Religion, we are preparing for the sacrament of Penance and Reconciliation which we will be receiving in the middle of the year. We are also studying the early life of Jesus and the Holy Family.

**Special Dates to Keep in Mind**
