Time is flying in 2nd Grade! We are soaring through our curriculum, and enjoying our time together.

In Math, we are working on adding and subtracting numbers with three digits. Children are adding three digit numbers with regrouping in the tens and ones place value.

In Religion, we have finished our reconciliation book! Reconciliation will take place for children receiving communion on January 19th. We are going to switch focus to learning more about the sacrament of communion.

In Science, we are beginning to learn about weather. Children will learn about the seasons, and characteristics of each of the seasons. We will also discuss severe weather in this chapter.

In Social Studies, we are wrapping up Unit 3. In the next unit, we will be lightly covering government in our country, state, and town.

In ELA, we are working on expressing our opinions. Through writing, children are describing their opinions and supporting what they believe. We are also working on long a, abbreviations, and contractions.

Please make sure to sign up for Mystery Readers on Fridays!
